Subject:	Receive and File the 2018-19 Annual Rancho Murieta Community Services District Audit Report and the 2018-19 Community Facilities District #2014-1 Audit Report

RECOMMENDED ACTION

No action – receive and file.

BACKGROUND

Electronic copies of the 2018-19 PRELIMINARY CSD and the PRELIMINARY CFD#2014-1 audits were distributed on April 22, 2020. Mr. Larry Bain, head of Larry Bain, CPA – An Accounting Corporation (the District's auditors) reviewed the documents at the May 5, 2020 Finance Committee meeting. Bound, hard copies of the final audits will be available to staff and Directors at the May 20, 2020 Board meeting. Mr. Bain will attend the May 20, 2020 Board meeting to present the audit and to answer any questions from the Board of Directors.

May 18, 2020

Larry Bain, CPA, An Accounting Corporation 2148 Frascati Drive El Dorado Hills, CA 95762

This representation letter is provided in connection with your audits of the financial statements of Rancho Murieta Community Services District, which comprise the respective financial position of the business-type activities and fiduciary fund as of June 30, 2019, and the respective changes in financial position and cash flows for the period then ended, and the related notes to the financial statements, and the financial information presented in the component unit financial statements, for the purpose of expressing opinions as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of May 18, 2020, the following representations made to you during your audit.

Financial Statements

- 1) We have fulfilled our responsibilities, as set out in the terms of the engagement letter dated May 2, 2019.
- 2) The financial statements referred to above are fairly presented in conformity with U.S. generally accepted accounting principles and include all properly classified funds and other financial information of the primary government and all component units required by generally accepted accounting principles to be included in the financial reporting entity.
- 3) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 4) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 5) Significant assumptions we used in making accounting estimates are reasonable.
- 6) Related party relationships and transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- 7) All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed. No events, including instances of noncompliance, have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements.
- 8) The effects of uncorrected misstatements, if any, are immaterial, both individually and in the aggregate, to the financial statements for each opinion unit. A list of the uncorrected misstatements is attached to the representation letter.
- 9) The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.
- 10) Guarantees, whether written or oral, under which the District is contingently liable, if any, have been properly recorded or disclosed.

Information Provided

11) We have provided you with:

- a) Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters [and all audit or relevant monitoring reports, if any, received from funding sources].
- b) Additional information that you have requested from us for the purpose of the audit.
- c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
- d) Minutes of the meetings of the Rancho Murieta Community Services District or summaries of actions of recent meetings for which minutes have not yet been prepared.
- 12) All material transactions have been recorded in the accounting records and are reflected in the financial statements.
- 13) We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- 14) We have no knowledge of any fraud or suspected fraud that affects the entity and involves:
 - a) Management,
 - b) Employees who have significant roles in internal control, or
 - c) Others where the fraud could have a material effect on the financial statements.
- 15) We have no knowledge of any allegations of fraud or suspected fraud affecting the entity's financial statements communicated by employees, former employees, regulators, or others.
- 16) We have disclosed to you all known instances of noncompliance or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse, whose effects should be considered when preparing financial statements.
- 17) We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
- 18) We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.

Government-specific

- 19) We have made available to you all financial records and related data.
- 20) There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
- 21) We have taken timely and appropriate steps to remedy fraud, violations of laws, regulations, contracts, or grant agreements, or abuse that you have reported to us, if any.
- 22) We have a process to track the status of audit findings and recommendations, if any.
- 23) We have identified to you any previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- 24) We have provided our views on reported findings, conclusions, and recommendations, as well as our planned corrective actions, for the report.
- 25) The District has no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or equity.
- 26) We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us, including tax or debt limits and debt contracts; and we have identified and disclosed to you all laws, regulations and provisions of contracts and grant agreements that we believe have a direct and material effect on the determination of financial statement amounts or other financial data

significant to the audit objectives, including legal and contractual provisions for reporting specific activities in separate funds.

- 27) There are no violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving, and amending budgets), provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements, or as a basis for recording a loss contingency, or for reporting on noncompliance.
- 28) As part of your audit, you assisted with preparation of the financial statements and related notes. We have designated an individual with suitable skill, knowledge, or experience to oversee your services and have made all management decisions and performed all management functions. We have reviewed, approved, and accepted responsibility for those financial statements and related notes.
- 29) The District has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
- 30) The District has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 31) We have followed all applicable laws and regulations in adopting, approving, and amending budgets.
- 32) The financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations.
- 33) The financial statements properly classify all funds and activities.
- 34) Components of net assets (net investment in capital assets; restricted; and unrestricted) and equity amounts are properly classified and, if applicable, approved.
- 35) Investments, derivative instruments, and land and other real estate held by endowments are properly valued.
- 36) Provisions for uncollectible receivables have been properly identified and recorded.
- 37) Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
- 38) Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
- 39) Deposits and investment securities and derivative instruments are properly classified as to risk and are properly disclosed.
- 40) Capital assets, including infrastructure and intangible assets, are properly capitalized, reported, and, if applicable, depreciated.
- 41) We acknowledge our responsibility for the required supplementary information (RSI). The RSI is measured and presented within prescribed guidelines and the methods of measurement and presentation have not changed from those used in the prior period. We have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the RSI.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Rancho Murieta Community Services District Rancho Murieta, California

We have audited the accompanying financial statements of the business-type activities, each major fund, and the fiduciary fund of the Rancho Murieta Community Services District (District) as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, each major fund and the fiduciary fund of the Rancho Murieta Community Services District, as of June 30, 2019, and the respective changes in financial position and where applicable, cash flows thereof for the fiscal year then ended in conformity with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3–8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The required supplementary information other than MD&A, as listed in the table of contents as Schedule of the District's Proportionate Share of the Net Pension Liability on page 48, the Schedule of the District Pension Contributions on page 49, and Other Postemployment Benefits (OPEB) Plan Schedule of Changes in the District's Net OPEB Liability and Related Ratios on page 50 is presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

The Schedules of Operating Revenues and Operating Expenses for the Water, Sewer, Drainage, Solid Waste and Security Funds on pages 35-47, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied by us in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements in accordance with accounting standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

DRAFT

Larry Bain, CPA, An Accounting Corporation May 1, 2020

As management of the Rancho Murieta Community Services District (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with the District's financial statements which follow this section.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$33,585,929 (net position). Of this amount, \$5,168,629 (unrestricted net position) may be used to meet the District's ongoing obligations to customers and creditors.
- The District's total net position increased by \$551,616 during the 2018-2019 fiscal year; unrestricted net position increased \$809,876.

Overview of the Basic Financial Statements

This annual financial report consists of three parts: (1) Management's Discussion and Analysis; (2) the Basic Financial Statements, including the Notes to Basic Financial Statements; and (3) Supplementary Information.

This discussion and analysis provides an introduction and brief description of the District's basic financial statements, which include:

- Statement of Net Position
- Statement of Revenues, Expenses and Changes in Net Position
- Statement of Cash Flows

The *Statement of Net Position*, commonly referred to as the Balance Sheet, presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. The Statement of Net Position also provides the basis for computing rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

The *Statement of Revenues, Expenses and Changes in Net Position* reflects all of the current year's revenues and expenses. All of the current year's revenues and expenses are recorded using the accrual basis of accounting by recognizing revenues in the period they are earned and expenses in the period they are incurred without regard to the timing of the related cash flows. This statement measures the success of the District's operations over the past year and determines whether the District has recovered its costs through its rates, fees and other charges. The District's profitability and creditworthiness can also be determined from this statement.

The *Statement of Cash Flows* provides information about the District's cash receipts and cash payments during the reporting period as well as net changes in cash resulting from operations, non-capital financing, capital and related financing activities, and investing. The statement explains where cash came from and where cash was used and the change in the cash balance during the reporting period.

The District's basic financial statements are organized by fund. **Fund Financial Statements** report on groupings of related funds that are used to maintain control over resources that have been segregated for specific activities or objectives. The accounts of the District are organized on the basis of funds, each of which is considered a separate entity. The operations of each fund are accounted for with a separate set of accounts that comprise the fund's assets, liabilities, fund equity, revenues, and expenses. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in these basic financial statements into two broad categories which, in aggregate, include two fund types as follows:

1. PROPRIETARY FUND TYPE

Enterprise Funds

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges and special taxes; and (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, managerial control, accountability, or other purposes. Revenues are fully accrued to include unbilled services at fiscal year-end. The District uses enterprise funds to account for the Water, Sewer, Drainage, Solid Waste and Security activities of the District.

2. FIDUCIARY FUND TYPE

Agency Funds

Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governmental units and/or other funds. Since the resources of these funds are not available to support the District's own activities, they are not reflected in the proprietary fund financial statements.

Basic financial statements can be found on pages 9-17 of this report.

Notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages **18-34** of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve as a useful indicator of a government's financial position over time. In the case of the District, assets exceeded liabilities by \$33,585,929 (net position) at the close of the most recent fiscal year.

Condensed Financial Information Rancho Murieta Community Services District Net Position

	June 30, 2019	June 30, 2018
Assets		
Current and Other Assets Capital Assets - net of accumulated depreciation	\$ 11,352,677 28,425,653	\$ 9,939,712 28,688,058
Total Assets	39,778,330	38,627,770
Deferred Outflow of Resources	915,857	1,169,057
<u>Liabilities</u>		
Current Liabilities	2,289,854	1,621,157
Long-term Liabilities	4,612,076	4,893,672
Total Liabilities	6,901,930	6,514,829
Deferred Inflow of Resources	206,328	247,685
Net Position		
Net Investment in Capital Assets	28,417,300	28,675,559
Unrestricted Net Position	5,168,629	4,358,753
Total Net Position	\$ 33,585,929	\$ 33,034,313

- The District's total net position increased by \$551,616 during the current fiscal year. Unrestricted net position increased \$809,876 while the net investment in capital assets, decreased \$258,259. The decrease in capital assets was primarily due to depreciation expense.
- Designated cash and investments, which are capital reserves designated for capital improvements and replacements, increased \$306,115. The District contributes to its capital reserve accounts on a monthly basis.
- The District's Net Pension Liability decreased by \$152,131 year-over-year.
- Accounts payable increased \$539,221, from \$314,045 to \$853,266, mainly as a result of \$537,643 owed to a developer at June 30, 2019 for work performed on the Prop 84 recycled water pipeline and office irrigation project.
- The District had two (2) inter-fund borrowings as of June 30, 2019. Each of these borrowings are being repaid through monthly installments. Interest is calculated based on the earnings reported monthly by LAIF.
 - Water Treatment Plant Phase 1 (WTP#1) Borrowing from Sewer Capital Replacement Reserves \$856,042
 - Security North Gate Borrowing from Drainage Capital Improvement Reserves -\$17,531
- The largest portion of the District's net position, \$28,425,653 or (84.6%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment). Some of these assets are from contributed capital. The District uses these capital assets to provide services to customers; consequently, these assets are not available for future spending.

	<u>June 30, 2019</u>		Jur	ne 30, 2018
Revenues				
Operating revenues	\$	5,856,581	\$	5,748,515

Change in Net Position		551,616		(306,382)
Net Position, Beginning of Fiscal Year		3,034,313		33,340,695
Net Position, End of Fiscal Year	\$	3,585,929	\$	33,034,313

Enterprise-Type Activities – Water, Sewer, Drainage, Solid Waste and Security Rancho Murieta Community Services District Changes in Net Position

Key elements of the enterprise activities are as follows:

- Total operating revenues increased 1.87% year-over-year. Water operating revenues slightly increased by \$2,357 or 0.1%. Sewer operating revenues increased by \$52,993 or 4%. Security operating revenues increased \$21,058 or 1.5%. Drainage operating revenues increased \$5,476 or 2.8%. Solid Waste revenues increased \$26,183 or 4%.
- Non-operating revenues increased \$619,419 or 43.1% due largely to the Prop 84 grant of \$494,097 and an 81.3% increase in interest income.
- The Water Department collects, treats, and distributes potable drinking water to the Rancho Murieta community. Water operating expenses (excluding depreciation) decreased \$77,736 or 3.7% primarily due to not a lot of turnover of personnel.
- The Sewer Department collects, treats, and disposes of Rancho Murieta community waste water. Wages and employer costs were \$78,079 or 9.8% lower than the prior year. Total Sewer operating expenses (excluding depreciation) decreased \$60,568 or 4.1%.
- The Drainage Department provides and maintains the drainage system for Rancho Murieta. Drainage operating expenses decreased \$38,652 or 15.4%.
- Solid Waste services are provided by contract through California Waste Recovery Services. Operating expenses for Solid Waste increased \$11,782 or 1.7%. This increase is the result of changes in billable services and increased maintenance and repairs expenses.

- The Security department provides gate and patrol services. Operating expenses for Gate services decreased \$11,795 or 2.0%. This decreased is primarily related to less contract staffing needed compared with prior fiscal year because vacancies were filled. Operating expenses for Patrol services increased \$4,123 or 0.9% with increases contract staffing and vehicle maintenance being offset by a reduction in wages and salaries.
- The Administration department covers the staff located in the District's administration building excluding the Director of Field Operations and the Security Chief. The Administration department is not a reporting entity for financial statement purposes and its activities, revenues, and costs are allocated to the Water, Sewer, Drainage, Solid Waste and Security funds on a prorated basis. Allocated, district-wide Administration costs are combined with individual department administration costs on the Statement of Revenues, Expenses, and Changes in Net Position and are shown as General and Administrative costs. District-wide General and Administrative costs increased \$387,776 or 17.4%. This increase is due to contract staffing and recruitment expenses during multiple vacancies, and legal and consulting expenses related to water rights.

Capital Assets

Capital Assets. The District's investment in capital assets as of June 30, 2019 amounted to \$28,425,653 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, vehicles, and equipment. The total decrease in the District's investment in capital assets for the current fiscal year was (0.9%).

Major capital asset events during the current fiscal year included the following:

- Cantova Lift Station Repairs
- Water Treatment Plant Culvert
- Dam Inundation Mapping and Emergency Action Plan
- Saturation Tank
- 2019 F-150 Vehicle for Water/Sewer/Drainage
- Well Site & Easement Area

- Water Treatment Plant Effluent Pump
- Wastewater Reclamation Plant Compressors Replacement
- Wastewater Reclamation Plant PLC Replacement

Economic Factors and Next Year's Budget and Rates

The Board of Directors adopted the District's 2019-2020 annual budget on June 19, 2019 which provides for the District's operating and capital costs for the 2019-2020 fiscal year.

The District's rates for Water, Sewer, Drainage, Security and Solid Waste services are reviewed annually by staff and the Board of Directors. For fiscal year 2019-2020, the District increased rates by approximately 8.4% for Water services. Sewer service rates increased by 5% and Solid Waste rates went up 3.6%. Special tax rates for Security and Drainage each went up 2.0%. Overall, the average customer's monthly bill for 2019-2020 is projected to be \$7.45 higher than during the previous year.

New capital asset projects provided for in the fiscal year 2019-2020 budget include:

- Cantova Lift Station Repairs
- Waste Water Chlorine Gas to Bleach Conversion
- Bobcat Compact Track Loader
- Rio Oso Booster Pump Replacement

Development will continue to be a major focus for the District in the coming year(s). Rancho Murieta Properties, LLC originally submitted preliminary development plans to Sacramento County that included the proposed addition of eight residential villages and one commercial site. Within the eight residential villages, 827 single-family detached lots were planned on roughly 350 net developable acres. As of December 2018, the development (as shown on the Sacramento County planning website) included 795 single-family lots on roughly 338 acres and approximately 39 acres of general commercial property. These proposed development plans will continue to be revised and modified as the various projects move forward. Construction on The Murieta Inn & Spa was completed in fiscal year 2017-2018. Construction of the Murieta Gardens II homes is planned to be completed in fiscal year 2019-2020.

The District continues to manage and account for CFD 2014-1. This CFD (Community Facilities District) was formed at the request of the developers of the Murieta Inn & Spa and Rancho Murieta North Properties to finance their portion of the WTP#1 Expansion and Upgrade project. Under CFD 2014-1 tax exempt bonds were sold on January 29, 2015 and provided \$4,358,245 of bond revenue for the project. Bond maturities stretch from 2018 to 2044 and tax assessments are levied annually (through Sacramento County) for payment of interest and principle to bond investors.

Requests for Information

This financial report is designed to provide a general overview of the Rancho Murieta Community Services District's finances for all those with an interest in the District's financial operations. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Rancho Murieta Community Services District, General Manager, P.O. Box 1050, Rancho Murieta, CA 95683.

Note 1: Significant Accounting Policies

The Rancho Murieta Community Services District (District) was formed in 1982, under California State Government Code 61600 and currently provides water, sewer, drainage, solid waste and security services throughout the Rancho Murieta Community. The District's financial and administrative functions are governed by a five member Board of Directors elected by the voting population within the District.

The accounting policies of the Rancho Murieta Community Services District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

A. Reporting Entity

The District's basic financial statements include the operations of all organizations for which the District's Board of Directors exercises oversight responsibility. Oversight responsibility is demonstrated by financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

Based upon the aforementioned oversight criteria, the following entities have been included within the reporting entity as blended component units:

<u>Special Assessment Districts</u> – The special assessment district is the Community Facilities District No. 2014-1. The Special Assessment District was created for the purpose of acquiring, constructing and maintaining water facilities within the Rancho Murieta boundaries. The District is not obligated to repay debt of the Special Assessment District but functions as an agent for the property owners by collecting assessments, forwarding collections to special assessment debt holders, and, if appropriate, initiating foreclosures on delinquent property owners. Because of the special financing relationships, the Community Facilities District 2014-1 has been included in the financial statements as a fiduciary fund type.

B. Basis of Presentation

The District's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

Fund Financial Statements

The proprietary fund financial statements provide information about the District's funds. Separate statements for each fund category - *proprietary and fiduciary* - are presented. The emphasis of fund financial statements is on major individual funds, each of which is displayed in a separate column. All remaining funds are aggregated and reported as non-major funds.

Proprietary fund financial statements include a Statement of Net Position; a Statement of Revenues, Expenses, and Changes in Net Position; and a Statement of Cash Flows.

Proprietary funds are accounted for using the "*economic resources*" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (revenues) and decreases (expenses) in total Net Position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Note 1: Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued)

Operating revenues in the proprietary funds are those revenues that are generated from the primary operation of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Fiduciary funds use the "economic resources" measurement focus and the accrual basis of accounting.

C. Major Funds

Major funds are defined as funds that have assets, liabilities, revenues, or expenditures/expenses equal to or greater than ten percent of their fund-type total or five percent of all fund-type totals. The District may also select other funds it believes should be presented as major funds. The District reports all of its proprietary funds as major funds.

The District reports on the following major proprietary funds:

Water

This fund accounts for the activities of providing water to the residents of the District.

Sewer

This fund accounts for the activities of collecting and treating wastewater of the residents in the District.

Drainage

This fund accounts for the activities of providing drainage to the residents of the District.

Solid Waste

This fund accounts for the activities of collecting solid waste of the residents of the District.

Security

This fund accounts for the activities of providing security to the residents of the District.

The District reports the following additional fund types:

PARS Trust Fund

Accounts for activities associated with the District's other post-employment benefits (OPEB) trust fund used for administration of health insurance for retirees.

Agency Fund

The Agency fund accounts for assets held by the District as an agent for community facility district 2014-1.

D. Basis of Accounting

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 generally are followed in both government-wide financial statements and proprietary funds financial statements to the extent that those standards do not conflict with or contradict with the guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and proprietary funds, subject to this same limitation. Rancho Murieta Community Services District has elected not to follow subsequent private-sector guidance.

Note 1: Significant Accounting Policies (Continued)

E. Budget and Budgeting

Budget integration is employed as a management control device. Budgets are formally adopted by the Board of Directors and take effect the following July 1. The budgets are a management tool and not a legal requirement.

F. Comparative Data

Comparative total data for the prior fiscal year has been presented in the accompanying basic financial statements in order to provide an understanding of changes in the District's financial position, operations, and cash flows. Certain amounts presented in the prior fiscal year data may have been reclassified in order to be consistent with the current fiscal year.

G. Cash and Cash Equivalents

For purposes of the statement of cash flows, the District considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents. Amounts held in the State of California Local Agency Investment Fund (LAIF) are considered to be cash and cash equivalents due to their highly liquid nature.

H. Property Taxes

Secured property taxes are levied on January 1 and are payable in two installments on November 1 and February 1, which become delinquent after December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. Sacramento County (County) bills and collects the property taxes and allocates a portion to the District. Property tax revenues are recognized in the fiscal year for which they become available. Available means when due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period.

The District is under the Teeter Plan and thus can receive 100% of the property tax apportionment each fiscal year, eliminating the need for an allowance for uncollectible tax. The County, in return, receives all penalties and interest. Under the Teeter Plan, the County remits property taxes to the District based on assessments, not on collections, according to the following schedule: 55 percent in December, 40 percent in April, and 5 percent at the end of the fiscal year.

I. Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are recorded at fair value at the date of donation. The District's policy is to capitalize all capital assets with costs exceeding \$5,000.

The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each fiscal year represents that year's pro rata share of the cost of capital assets. GASB Statement No. 34 requires that all capital assets with limited useful lives be depreciated over their estimated useful lives. Depreciation is provided using the straight line method which means the costs of the capital asset is divided by its expected useful life in years and the result is charged to expense each year until the capital asset is fully depreciated. The District has assigned the useful lives listed below to capital assets:

Buildings	40 years
Improvements	20-50 years
Equipment	5-15 years

Note 1: Significant Accounting Policies (Continued)

J. Compensated Absences

All earned vacation, which is payable upon termination or retirement, is accrued as compensated absences, in accordance with GASB Statement No. 16. Sick leave benefits are not vested to the employee.

K. Net Position

GASB Statement No. 34 requires that the difference between assets and liabilities be reported as net position. Net position is classified as either invested in capital assets, net of related debt, restricted, or unrestricted.

Net position that is invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation and reduced by the outstanding principal of related debt. Restricted net position is the net position that has external constraints placed on it by creditors, grantors, contributors, laws, or regulations of other governments, or through constitutional provisions or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of invested in capital assets, net of related debt, or restricted net position.

L. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Deferred Compensation Plan

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all employees, permits participants to defer a portion of their salary until future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributed to those amounts, are maintained in a trust. Participants have sole rights under the plan in an amount equal to the fair value of the deferred account for each participant.

N. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America as prescribed by the GASB and the American Institute of Certified Public Accountants (AICPA), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2: Cash and Investments

Classification

The cash and investments are classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of District debt instruments or District agreements:

Cash and investments Designated cash and investments	\$ 2,162,697 6,072,716
Cash and investments, Statement of Net Position	8,235,413
Cash and investments, Statement of Fiduciary Net Assets	2,565,217
Total cash and investments	\$ 10,800,630
Cash and investments as of June 30, 2019 consisted of the following:	
Cash on hand	\$ 250
Deposits with financial institutions	1,499,240
Investments	 9,301,140
Total cash and investments	\$ 10,800,630

A. Investments Authorized by the California Government Code and the District's Investment Policy

The table below identifies the **investment types** that are authorized for the Rancho Murieta Community Services District (District) by the California Government Code (or the District's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the District's investment policy, where more restrictive) that address **interest rate risk, credit risk,** and **concentration of credit risk**. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the District, rather than the general provisions of the California government Code or the District's investment policy:

	Maximum	Percentage	Investment
Authorized Investment Type	Maturity	of Portfolio	in One Issuer
Investment pools authorized under CA			
Statues governed by Government Code	N/A	None	\$40 million
U.S. Treasury Obligations	5 years	None	None
Bank Savings Account	N/A	25%	None
Federal Agencies	5 years	75%	None
Commercial Paper	180 days	20%	None
Negotiable Certificates of Deposit	180 days	20%	None
Re-purchase Agreements	180 days	20%	None
Corporate Debt	5 years	25%	None

Note 2: Cash and Investments (Continued)

B. Investments Authorized by Debt Agreements

Investments held by trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies the **investment types** that are authorized for investments held by trustees. The table also identifies certain provisions of these debt agreements that address **interest rate risk**, **credit risk**, and **concentration of credit risk**.

		Maximum	Maximum
	Maximum	Percentage	Investment
Authorized Investment Type	Maturity	of Portfolio	in One Issuer
Investment pools authorized under CA			
Statues governed by Government Code	N/A	None	\$40 million
U.S. Treasury Obligations	5 years	None	None

Federal Agencies	5 years	75%	None
Commercial Paper	180 days	20%	None
Negotiable Certificates of Deposit	180 days	20%	None
Re-purchase Agreements	180 days	20%	None
Corporate Debt	5 years	25%	None
Money Market Accounts	N/A	None	None

C. Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity:

		Remaining Maturity (in Months)				
		12 Months	13-48			
Investment Type	Totals	or Less	Months			
CAMP*	\$ 628,845	\$ 628,845	\$ -

Generally, credit risk is the risk that the issuer of an investment will not fulfil its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required (where applicable) by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of fiscal year end for each investment type.

E. Concentration of Credit Risk

The investment policy of the District contains limitations on the amount that can be invested in any one issuer. There are no investments in any one issuer that represent 5% or more of total District investments.

F. Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the government unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure the District's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2019, \$1,323,424 of the District's deposits with financial institutions in excess of FDIC limits were held in public funds collateralized accounts. As of June 30, 2019, the District did not hold any investments in any broker-dealer (counterparty) that was used by the District to buy the securities.

G. Investment in State Investment Pool

LAIF is included in the State's Pooled Money Investment Account. The total amount invested by all public agencies in the State's Pooled Money Investment Account approximates \$106.05 billion. Of the \$106.05 billion managed by the State Treasurer, 100% is invested in non-derivative financial products and 3.54% is invested in structured notes and asset-backed securities. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by state statute.

Note 3: Capital Assets

Capital Assets at June 30, 2019, consist of the following:

•	Balance	- -	Adjustments/	Balance

Long-term liabilities activity for the fiscal year ended June 30, 2019, was as follows:

Capital Leases

On June 7, 2016, the District Board of Directors authorized the financing and purchase of a security vehicle. The cost of the vehicle was \$20,095 and the District took out a \$10,249 lease to finance a portion of the purchase. The District will make monthly payments of \$240 for four years with the interest rate set at 5.85%.

On August 26, 2016, the District Board of Directors authorized the financing and purchase of a security vehicle. The cost of the vehicle was \$22,521 and the District took out a \$9,521 lease to finance a portion of the purchase. The District will make monthly payments of \$157 for four years with the interest rate set at 5.70%.

Note 5: <u>Net Position</u>

Net Position is the excess of all the District's assets over all its liabilities, regardless of fund. Net position is divided into three captions under GASB Statement No. 34. These captions apply only to net position, which is determined at the proprietary or fiduciary fund level, and are described below.

Net Investment in Capital Assets

Net investment in capital assets describes the portion of net position which is represented by the current net book value of the District's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted Net Position

Restricted net position consists of constraints placed on net position use through external creditors (such as through debt covenants), grants, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation which the District cannot unilaterally alter. These principally include connection fees received for use on capital projects and debt service requirements.

Unrestricted Net Position

Unrestricted net position describes the portion of net position which is not restricted as to use.

Note 6: Defined Benefit Pension Cost-Sharing Employer Plan

A. General Information about the Pension Plans

Plan Descriptions

All qualified permanent and probationary employees are eligible to participate in the District's Miscellaneous Employee Pension Plan, which is a cost-sharing, multiple employer, defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan are established by State statute and District resolution. CalPERS issues publicly available reports that include full descriptions of the pension plans, benefit provisions, assumptions and membership information and can be found on the CalPERS website.

Note 6: Defined Benefit Pension Cost-Sharing Employer Plan (Continued)

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees or beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

	Prior to	On or after
Hire date	January 1, 2013	January 1, 2013
Benefit formula	2.00% @ 55	2.00% @ 62
Benefit vesting s chedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50-55	52-67
Monthly benefits, as a % of compensation	1.50% to 2.00%	1.00% to 2.00%
Required employee contribution rates	7.00%	6.25%
Required employer contribution rates	9.41%	6.84%

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2019, the contributions recognized as part of pension expense for each Plan were as follows:

Contributions-employer	\$	336,982
------------------------	----	---------

B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2019, the District reported net pension liabilities for its proportionate share of the net pension liability of the Plan as follows:

	P	Proportionate share of	
		Net pension liability	
Miscellanous Plan	9	\$	3,158,658

The District's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2018 and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

Note 6: Defined Benefit Pension Cost-Sharing Employer Plan (Continued)

The District's proportionate share of the net pension liability as of June 30, 2017 and 2018 was as follows:

Proportion - June 30, 2017	0.08399%
Proportion - June 30, 2018	0.08381%
Change - Increase (Decrease)	(0.00002)

For the year ended June 30, 2019, the District recognized pension expense of \$378,914. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	79,951	\$	-
Changes of assumptions		271,843		-
Net difference between projected and actual earnings				
on pension plan investments		15,616		-
Changes in proportion		29,965		-
Differences between district contributions and		-		-
Proportionate share of contributions		-		(169,792)
District contributions subsequent to the measurement date		336,982		
Total	\$	734,357	\$	(169,792)

The \$336,982 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Measurement Period		
Ended June 30:	_	
2020	\$	(257,068)
2021		(122,918)
2022		123,991
2023		28,412

C. Actuarial Assumptions

The total pension liabilities in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	June 30, 2017	
Measurement Date	June 30, 2018	
Actuarial Cost Method	Entry-Age Normal Cost Method	
Actuarial Assumptions:		
Discount Rate	7.15%	
Inflation	2.50%	
Payroll Growth	3.00%	
Projected Salary Increase	3.3% - 14.2% (1)	
Investment Rate of Return	7.15%	

Note 6: Defined Benefit Pension Cost-Sharing Employer Plan (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.15% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans ran out of assets. Therefore, the current 7.15% discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.15% will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years). Using the expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent. The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1-10 (1)	Real Return Years 11+ (2)
Global Equity	47.0%	4.90%	5.38%
Global Fixed Income	19%	0.80%	2.27%
Inflation Sensitive	6%	0.60%	1.39%
Private Equity	12%	6.60%	6.63%
Real Estate	11%	2.80%	5.21%
Infrastructure and Forestland	3%	3.90%	5.36%
Liquidity	2%	-0.4%	-0.90%
(1) An expected inflation of 2.5% us	ed for this period		

(2) An expected inflation of 3.0% used for this period

(2) An expected inflation of 5.0% used for this period

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Disco	unt Rate -1%	Current Discount		Discount Rate +1%		
		(6.15%)	Rat	Rate (7.15%)		(8.15%)	
Misc Tier I	\$	5,073,681	\$	3,158,658	\$	1,577,837	

Note 7: Other Postemployment Benefits (OPEB)

General Information about the OPEB Plan

Plan Description.

Rancho Murieta Community Services District's Post-Retirement Healthcare Plan is a single employer, defined benefit healthcare plan administered by Public Employees' Retirement System (PERS). PERS provides medical benefits to eligible retirees and their eligible dependents. Medical benefits are also paid to the surviving spouse of an eligible retiree. The District approved post-retirement health insurance benefits for all of its employees under the Public Employees' Medical and Hospital Care Act (PEMHCA).

Benefits Provided

For an employee hired prior to January 1, 2016 retiring from the District with 5 or more years of service with a CalPERS agency, the District will contribute the health benefit cost for the retiree and family members up to 100% of the lowest health benefit plan offered by PERS for unrepresented employees and up to 80% of the lowest health plan offered by PERS for represented employees. A retiree hired prior to January 1, 2016 with less than 5 complete years of service with a CalPERS agency who retires at the District receives no benefit. The PERS minimum is set by law. Employees hired on or after January 1, 2016 must have 10 or more years of PERS service. After 10 years of PERS service the employee is eligible for 50% of employer contributions towards the other post-employment benefit (OPEB) increasing 5% per year until reaching 100% after 20 years. The retiree is on the same medical plan as the District's active employees, however monthly rates for coverage of covered active and retired employees are computed separately. The minimum age for receiving benefits is 50 and or older who qualify for a CalPERS pension. The plan also provides coverage for eligible spouses and surviving spouses. For employees who are eligible to participate in the plan the District will contribute the health benefit cost for the retiree and eligible spouse up to the lesser of the premium rate for their chosen plan or the District's monthly premium of the lowest cost HMO for Unrepresented employees and 80% of the monthly premium of the lowest cost HMO for Represented employees. A retiree with less than the required years of service with the District will receive no benefit, unless they have previous employment qualifying them for CalPERS retirement, in which case they are eligible to receive the CalPERS minimum at the time of retirement. The CalPERS minimum is set by law.

Employees Covered By Benefit Terms

At the OPEB liability measurement date of June 30, 2018, the following employees were covered by the benefit terms:

Retirees currently receiving benefit payments	15
Active employees	24
Total	39

Contributions

The District's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the actuarially determined contribution of the employer (ADC), an amount actuarially determined in accordance with the parameters of GASB Statement 75. The ADC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The District chose a 30 year period to amortize the unfunded actuarial liability.

Note 7: Other Postemployment Benefits (OPEB) (Continued)

The contribution requirement of plan members is established by the District's Board of Directors. The 2018-19 fiscal year contribution was based on the actuarially determined contribution using entry age normal cost with calculated as a level percentage of payroll, as required by GASB 75. For the June 30, 2018 measurement period, the District contributed \$181,500 towards the unfunded actuarial liability (UAL). The District chose the Public Agency Retirement Services (PARS) as the trustee for the plan. The District also paid the retiree premiums for the measurement period ending June 30, 2019 directly to health insurance providers totalling \$146,902. Plan members receiving benefits contributed \$0 of the total premiums.

Net OPEB Liability: At June 30, 2019 the District reported a net OPEB liability of \$1,361,120. The net OPEB liability was measured from July 1, 2017 to June 30, 2018 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation with a valuation date of June 30, 2017.

Actuarial Assumptions

The net OPEB liabilities in the June 30, 2016 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2016
Measurement Date	June 30, 2018
Actuarial Assumptions:	
Discount Rate	7.00%
Healthcare trend rates	5% to 8%
Salary increase	3.25%
Inflation	2%
Investment Rate of Return	7.00%
OPEB Assets	

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses. Discount Rate

6	-term Expected ate of Return (2)
48.25%	5.65%
45.00%	1.39%
1.75%	5.06%
5.00%	0.00%
100.00%	
	<u>Asset Allocation (1)</u> Real R 48.25% 45.00% 1.75% 5.00%

(1) The table shows the target asset allocation in the PARS Moderate investment policy.

(2) JP Morgan arithmetic Long Term Capital Market Assumptions and expected inflation of 2.26%

Note 7: Other Postemployment Benefits (OPEB) (Continued)

The OPEB assets are held by US Bank, the trustee for the Public Agency Retirement Services (PARS). The OPEB assets are not FDIC insured there is no bank guarantee and the assets may lose value. The investment objective is for the Balanced Index PLUS. The dual goals of the Balanced Strategy are growth of principal and income. It is expected that while dividend and interest income are an important component of the objective's total return, it is expected that capital appreciation will comprise a larger portion of the total return. The portfolio will be allocated between equity and fixed income investments.

The discount rate used to measure the total OPEB liability was 7 percent. The projection of cash flows used to determine the discount rate assumed the District's contributions will continue based upon the current OPEB funding policy. Based on those assumptions, the OPEB plans fiduciary net position was projected to be available to make projected future benefit payments for current members for all future years. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments determine the total OPEB liability.

Changes in the Net OPEB Liability

The table below shows the changes in the total OPEB liability, the Plan Fiduciary Net Position (i.e. fair value of Plan assets), and the net OPEB liability:

	Increase (Decrease)					
		Plan Fiduciary				
	Total (OPEB Liability	Ν	et Position	Net C	OPEB Liability

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's share of the net OPEB liability if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease Discount Rate				19	6 Increase
		6%	6% 7%		8%	
Net OPEB liiability (asset)	\$	1,674,178	\$	1,361,120	\$	1,061,674

Note 7: Other Postemployment Benefits (OPEB) (Continued)

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2019, the District recognized OPEB expense of \$215,711. OPEB expense represents the change in the net OPEB liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, and actuarial assumptions or methods. At June 30, 2019, the District reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		red Inflows Resources
	of Resources		
Differences between expected and actual experience	\$	-	\$ (9,086)
Changes in assumptions		-	-
Net difference between projected and actual earnings on			
retirement plan investments		-	(27,450)
District contributions subsequent to measurement date		181,500	-
Totals	\$	181,500	\$ (36,536)

\$181,500 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30,	
2020	(11,314)
2021	(11,314)
2022	(11,313)
2023	(2,164)
2024	(431)
Total	\$ (36,536)

Note 8: Special Assessment District

The Rancho Murieta Community Services District adopted a resolution for the formation of Rancho Murieta Community Services District Community Facilities District No. 2014-1 (Rancho North/Murieta Gardens) ("CFD No. 2014-1"). CFD No. 2014-1 was formed as part of a financing plan for public infrastructure Facilities and other governmental Facilities to support the development of a hotel and other commercial, residential and mixed use properties being developed on approximately 828 acres of land within the District boundaries of CFD No. 2014-1. On January 29, 2015 bonds in the amount of \$5,960,000 were issued to finance the costs of the Facilities and to finance costs associated with the issuance of bonds. During the 2014-2015 fiscal year, a special tax was approved by voters and has been authorized by the Board of Directors to be levied on lots and parcels within CFD No. 2014-1 commencing with the fiscal year 2016-17 tax levy. Proceeds from the Special Tax will be used to repay the bonded indebtedness and associated costs. Rancho Murieta Community Services District is acting as an agent for the property owners and is not liable for repayment of the bonds.

The amount of special assessment debt at June 30, 2019, is:

Community Facilities District No. 2014-1

\$ 5,830,000

Note 9: Net Position (Deficit)

The Security Fund had a deficit net position of \$376,912 as of June 30, 2019. The deficit net position is expected to be eliminated by collecting delinquent accounts receivable and with future rate increases.

Note 10: Revenue Limitation Imposed by California Proposition 218

Proposition 218, which was approved by the voters in November 1996 will regulate the District's ability to impose, increase, and extend taxes and assessments. Any new, increased, or extended taxes and assessments subject to the provisions of Proposition 218 requires voter approval before it can be implemented. Additionally, Proposition 218 provides that these taxes and assessments are subject to voter initiative process and may be rescinded in future years by the voters.

Note 11: Commitments and Contingencies

Grants

Amounts received or receivable from grant and lending agencies are subject to audit and adjustment by grantor and lending agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor or lender cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

Commitments

The District had open engineering, and professional service agreements as of June 30, 2019. The solid waste agreement with California Waste Recovery System from July 1, 2019 to June 30, 2020 averages approximately \$55,000 per month and the contract engineering services with Coastland Engineers averages approximately \$23,000 per month.

Note 12: Subsequent Events

On September 9, 2019 the District approved a developer reimbursement agreement to pay Cosumnes River Land, LLC \$173,606 for costs incurred by the developer to construct a 12" recycled water main line as part of their Murieta Gardens development project. The recycled water line will become the property of the District after certain conditions are met per the agreement.

In December 2019, a novel strain of coronavirus has spread around the world resulting in business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The operations and business results of Rancho Murieta Community Services District could potentially be adversely affected by this global pandemic. The extent to which the coronavirus may impact business activity or investment results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus. The District has not included any contingencies in the financial statements specific to this issue.

INDEPENDENT AUDITOR'S REPORT

Board of Directors Rancho Murieta Community Services District Community Facilities District No. 2014-1 Rancho Murieta, California

We have audited the accompanying financial statements of the governmental activities and the major fund of Rancho Murieta Community Services District, Community Facilities District No. 2014-1 (CFD 2014-1), a component unit of the Rancho Murieta Community Services District, as of and for the fiscal year ended June 30, 2019, and the notes to the financial statements which collectively comprise the CFD 2014-1's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Rancho Murieta Community Services District, Community Facilities District No. 2014-1 as of June 30, 2019, and the respective changes in financial position, thereof for the fiscal year then ended in conformity with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

The CFD 2014-1 has not presented the Management Discussion and Analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Net Change in Fund Balances - Total Governmental Funds	\$ 20,899
Amounts reported for governmental activities in the Statement of Activities differs from the amounts reported in the Statement of Revenues, Expenditures and Changes in Fund Balances because:	
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	130,000
The change in accrued interest is recorded as a current liability in the statement of activity, however interest expense is recorded when paid in the governmental funds.	 1,083
Change in net position of governmental activities	\$ 151,982

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Rancho Murieta Community Services District, Community Services District No. 2014-1, (CFD 2014-1) conform to accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA), as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the CFD 2014-1's accounting policies are described below.

A. Financial Reporting Entity

The Rancho Murieta Community Services District, Community Facilities District No. 2014-1 (Rancho North/Murieta Gardens) was formed on September 5, 2014, by resolution of the Rancho Murieta Community Services District's Board of Directors for the sole purpose of acquiring and constructing water facilities that will benefit the inhabitants within the Rancho Murieta Community. In order to finance the expansion of water facilities, special tax bonds totalling \$5,960,000 were issued pursuant to the Mello-Roos Community Facilities Act of 1982.

During the 2016/17 fiscal year, the new water facility was paid for with CFD 2014-1 bond proceeds and transferred to the Rancho Murieta Community Services District. Additional construction costs were funded by developers under financing agreements and by the Rancho Murieta Community Services District.

The CFD 2014-1, a component unit of Rancho Murieta Community Services District, is a legally constituted governmental entity governed by the Board of Directors of the Rancho Murieta Community Services District. The financial records of the CFD 2014-1 are maintained by the Rancho Murieta Community Services District staff.

The financial statements present only the financial position and changes in financial position of the CFD 2014-1 and are not intended to present fairly the financial position of Rancho Murieta Community Services District and the changes in its financial position in conformity with accounting principles generally accepted in the U.S.

B. Basis of Presentation

Government-wide Statements: The Statement of Net Position and the Statement of Activities include the financial activities of the overall CFD 2014-1 government. The CFD 2014-1 does not have any business-type activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the CFD 2014-1's activities. Direct expenses are those that are specially associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the CFD 2014-1's funds. Separate statements for each governmental fund are presented. The emphasis of fund financial statements is on major individual funds, each of which is displayed in a separate column.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting:

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when *earned* and expenses are recorded at the time liabilities are *incurred*, regardless of when the related cash flows take place.

Governmental Funds are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Under this method, revenues are recognized when *measureable and available*.

The CFD 2014-1 considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after fiscal year-end. Expenditures are recorded when related fund liability is incurred, except for principle and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions under capital leases are reported as *other financing sources*.

Non-exchange transactions, in which the CFD 2014-1 gives or receives value without directly receiving or giving equal value in exchange, include grants, entitlements, and donations, are recognized in the fiscal year in which all eligibility requirements have been satisfied.

When program expenses are incurred, and both restricted and unrestricted net position are available to finance the program, the CFD 2014-1's policy is to first apply restricted revenues, followed by general revenues.

D. Budget and Budgetary Accounting

The CFD 2014-1 is not required to adopt an annual appropriated budget but does, however, adopt a budget for management purposes. Therefore, no budgetary comparison is required.

E. Restricted Assets

Cash held with fiscal agent, as well as certain resources set aside for special assessment debt repayment, are classified as restricted assets on the balance sheet because their use is limited by loan covenants.

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America as prescribed by the GASB and the American Institute of Certified Public Accountants (AICPA), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Net Position/Fund Equity

Government-wide Financial Statements

<u>Restricted Net Position</u> - This amount consists of amounts restricted from external creditors, grantors, contributors, or laws or regulations of other governments.

<u>Unrestricted Net Position</u>- This amount is all net position that does not meet the definition of "invested in capital assets, net of related debt" or "restricted net position".

Fund Financial Statements

<u>Fund Equity</u>- Restricted fund balance of the governmental fund is created to satisfy the debt covenant reserve, not available for future expenditures.

NOTE 2: CASH AND INVESTMENTS

Deposits with financial institutions	\$ 160,331
Investments	 404,803
Total cash and investments	\$ 565,134

A. Investments Authorized by the California Government Code and the District's Investment Policy

The table below identifies the **investment types** that are authorized for the Rancho Murieta Community Services District Community Facilities District No. 2014-1. (District) by the California Government Code (or the District's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the District's investment policy, where more restrictive) that address **interest rate risk**, **credit risk** and **concentration of credit risk**. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the District, rather than the general provisions of the California Government Code or the District investment policy.

	Maximum	Percentage	Investment
Authorized Investment Type	Maturity	of Portfolio	in One Issuer
Investment pools authorized under CA			
Statutes governed by Government Code	N/A	None	\$40 million
U.S. Treasury Obligations	5 years	None	None
Bank Savings Accounts	N/A	25%	None
Federal Agencies	5 years	75%	None
Commercial Paper	180 days	20%	None
Negotiable Certificates of Deposit	180 days	20%	None
Re-Purchase Agreements	180 days	20%	None
Corporate Debt	5 years	25%	None

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

B. Investments Authorized by Debt Agreements

Investments held by trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The Table below identifies the investment types that are authorized for investments held by trustees. The table also identifies certain provisions of the debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

		Maximum	Maximum
	Maximum	Percentage	Investment
Authorized Investment Type	Maturity	of Portfolio	in One Issuer
Investment pools authorized under CA			
Statues governed by Government Code	N/A	None	\$40 million
U.S. Treasury Obligations	5 years	None	None
Bank Savings Account	N/A	25%	None
Federal Agencies	5 years	75%	None
Commercial Paper	180 days	20%	None
Negotiable Certificates of Deposit	180 days	20%	None
Re-purchase Agreements	180 days	20%	None
Corporate Debt	5 years	25%	None
Money Market Accounts	N/A	None	None

C. Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investment maturity:

			Remaining Maturity (in Month			
			12 Months		13-48	
Investment Type	Totals		or Less			Months
Treasury funds	\$	404,803	\$	404,803	\$	-
Totals	\$	404,803	\$	404,803	\$	-
*Not subject to categorization						

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

D. Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfil its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) California Government Code, the District's investment policy, or debt agreements, and the actual rating as of fiscal year end for each investment type.

		Minimum	Exempt From	Rating as of F	Fisal Year End Not
Investment Type	Amount	Legal Rating Disclosure		AAA	Rated
Treasury funds	\$ 404,803	N/A	\$ -	\$ 404,803	\$ -
Total investments	\$ 404,803		\$ -	\$ 404,803	\$ -

E. Concentration of Credit Risk

The investment policy of the District contains limitations on the amount that can be invested in any one issuer. There are no investments in any one issuer that represent 5% or more of total District investment.

F. Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposit or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment of collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits; The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the government unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure the District's deposits by pledging first deed mortgage notes having a value of 150% of the secured public deposits.

At June 30, 2019 there were no CFD 2014-1 deposits with financial institutions in excess of federal depository insurance limits required to be held in collateralized accounts.

NOTE 3: SPECIAL TAX

The CFD 2014-1 started levying the special tax against property owners during the 2016/17 fiscal year. The special taxes are collected through the secured property tax rolls of the County of Sacramento. The special tax represents the amount to be assessed to the property owners to pay bond principle and interest. In the event property owners are delinquent in their payments, the CFD 2014-1 is required to initiate foreclosure proceedings within 150 days following the date of delinquency. CFD 2014-1 will refer pending delinquency cases to the CFD 2014-1's legal counsel for collection.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 4: SPECIAL ASSESSMENT DEBT

The Rancho Murieta Community Services District adopted a resolution for the formation of Rancho Murieta Community Services District Community Facilities District No. 2014-1 (Rancho North/Murieta gardens) ("CFD No. 2014-1"). CFD No. 2014-1 was formed as part of a financing plan for public infrastructure Facilities and other governmental Facilities to support development of a hotel, commercial, residential and mixed use properties being developed on approximately 828 acres of land within the District boundaries of CFD No. 2014-1. On January 29, 2015 bonds in the amount of \$5,960,000 were issued to finance the costs of the Facilities and to finance costs associated with the issuance of bonds. During the 2014-15 fiscal year a special tax was approved by voters and has been authorized by the Board of Directors to be levied on lots and parcels within CFD No. 2014-1 commencing with the fiscal year 2016-17 fiscal year tax levy. Proceeds from the Special Tax will be used to repay the bonded indebtedness and associated costs and to pay directly for the acquisition or construction of authorized Facilities.

\$5,960,000 CFD 2014-1 bonds are due in annual payments of \$154,029 to \$391,560 through September 1, 2044, with interest at 4.4% per annum payable from revenues generated through ad valorem tax assessed by the CFD 2014-1 against properties located within the boundaries of the CFD 2014-1.

Long-term liabilities activity for the fiscal year ended June 30, 2019, was as follows:

		Balance 7/1/2018				eductions	Balance June 30, 2019	Due within One Year	
Special Assessment Deb Series 2014-1	t	\$	5,960,000	\$	-	\$	(130,000)	\$ 5,830,000	\$ 130,000
	Total	\$	5,960,000	\$		\$	(130,000)	\$ 5,830,000	\$ 130,000

Debt service requirements to maturity are as follows:

Fiscal Year Ended			
June 30,	Principal	Interest	Total
2020	\$ 130,000	\$ 258,310	\$ 388,310
2021	135,000	254,735	389,735
2022	140,000	250,685	390,685
2023	145,000	246,310	391,310
2024	150,000	241,525	391,525
2025-2029	830,000	1,121,675	1,951,675
2030-2034	1,020,000	928,864	1,948,864
2035-2039	1,285,000	662,388	1,947,388
2040-2044	1,625,000	326,563	1,951,563
2045	370,000	17,572	387,572
Totals	\$ 5,830,000	\$ 4,308,627	\$ 10,138,627

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 5: RESERVE FOR BOND SERVICE

By the terms of the bond indenture, \$392,831 of the proceeds from the bond issue were set aside for the purpose of paying any delinquent bond interest and principle payments. The balance held in reserve as of June 30, 2019 is \$398,040, which represents the initial deposit plus accrued interest.

NOTE 6: NET POSITION DEFICIT

CFD 2014-1 governmental activities had an unrestricted net position (deficit) of \$5,053,954 at June 30, 2019. This is due to reporting the special assessment debt with no offsetting long-term special tax receivable in the statement of net position, as required under GASB Statement No. 6. The net position (deficit) is expected to be offset with special tax revenue used to pay the special assessment debt in future years.

NOTE 7: SUBSEQUENT EVENT

In December 2019, a novel strain of coronavirus has spread around the world resulting in business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The operations and business results of CFD 2014-1 could potentially be adversely affected by this global pandemic. The extent to which the coronavirus may impact business activity or investment results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus. CFD 2014-1 has not included any contingencies in the financial statements specific to this issue.
